

## CRYPTO-BOX® - Export and Resale

Document: 0-17Jul023sp(Export and Resale).odt  
Created: 18 Aug 2022 Last Update: 25 Sep 2023

### 1. Commodity Code

HS Code (Customs Tariff Number) for the CRYPTO-BOX:

84718000 - Units for automatic data-processing machines (excl. processing units, input or output units and storage units)

See: <https://www.tariffnumber.com/2022/84718000>

### 2. Country of Origin

The country of origin of the CRYPTO-BOX is Germany, European Union. The **Long-term supplier's declaration (CCI) for products having preferential origin status** for CRYPTO-BOX products is available upon request. If needed, MARX can provide a "Certificate of Origin" issued by the Chamber of Commerce in Germany. Please contact us for further details and pricing.

### 3. Dual-Use Regulations

The CRYPTO-BOX is not subject to the Export List and the Dual Use List in accordance with EU Regulation 2021/821. In Annex I, Part 2 - "INFORMATION SECURITY" section 5A002 "Information security systems, equipment and components" at "Note 3: Cryptography Note" states, that 5A002, 5D002.a.1., 5D002.b. and 5D002.c.1. do not control items mentioned in paragraphs a) and b) which is true for the CRYPTO-BOX.

### 4. US Export Control Classification Number (ECCN)

The CRYPTO-BOX falls under the "de minimis" regulation and is therefore not subject to the US Export Administration Regulation (classified: EAR99).
